MARTINDALE: +150.000 (VELVETY)

MARTINDALE: +84.000 (ROCKY)

FLAME RESISTANCE: CIGARETTE & MATCH

LIGHT RESISTANCE: 4/5

PILLING: 5

DESCRIPTION

Designed to work together, perfectly matched for upholstered chairs.

Velvety and Rocky share the same 100% PL base and identical color tones, making them ideal companions for chair upholstery. Use them together to play with texture — pairing Velvety's smooth, structured surface with the rich, tactile dimension of Rocky. The result is a refined and cohesive look with subtle contrast. Together, they create a harmonious and high-performance solution for sophisticated upholstered seating.

VELVETY

With its straight-line texture and ultra-soft feel, Velvety brings a modern, tailored elegance to seat cushions and backrests. Highly durable with a Martindale of +150.000, flame resistance (Cigarette & Match), and pilling grade 5, it's perfect for both residential and contract seating.

ROCKY

Adding character through its embossed, organic surface, Rocky is perfect for chair backs or accent panels. With a strong +84.000 Martindale resistance and matching technical specs, it offers the same reliability while elevating the visual interest of the piece.

(CIGARETTE & MATCH)
CRIB 5 - OPTIONAL

DESCRIPTION

Crafted from the same high-quality eco-leather base, Glow and Texture are designed to complement each other while offering two distinct visual and tactile experiences. Whether used side by side or individually, these materials provide design flexibility while maintaining perfect chromatic harmony.

Their shared palette of natural earthy tones and delicate pastels makes them ideal for refined, contemporary interiors across residential, hospitality, and marine settings.

Glow - Color 22

Texture - Color 22

GLOW

"Smooth Brushed Metallic Finish"

Glow stands out for its elegant, soft-touch surface and subtle brushed metallic effect, creating a luxurious sheen that elevates any piece it covers. This finish is perfect for sleek, modern designs that demand both sophistication and durability. Glow offers a polished look without being overstated, making it an excellent choice for statement upholstery and accent pieces.

Glow - Color 06

TEXTURE

"Light Ripple Effect"

Texture introduces a soft, wave-like embossing that brings movement and dimension to the surface. The gentle ripple pattern creates a tactile appeal while still preserving a calm, balanced aesthetic. Ideal for adding character and depth, Texture works beautifully in contrast to smoother materials, enhancing visual interest while staying within a cohesive color story.

TECHNICAL INFORMATION

COMPOSITION: 100% PL
WIDTH: 140CM
MARTINDALE: +35.000
FLAME RESISTANCE: CIGARETTE
LIGHT RESISTANCE: 5
PILLING: 4

DESCRIPTION

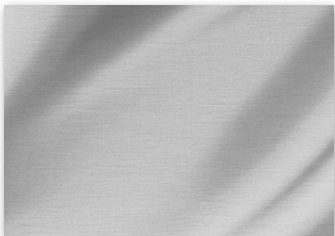

This exquisite velvet stands out with its smooth, luxurious touch and a delicate, luminous glow that subtly shifts with the light. More nuanced than traditional velvets, its refined sheen adds depth and sophistication to any interior. The palette, as shown in the image, ranges from rich terracotta and golden amber to elegant sage, taupe, and charcoal – each shade catching the light beautifully. With a Martindale resistance of 35,000 cycles, it combines softness with durability, making it ideal for high-end upholstery with a glamorous edge.

VEGAS

SYNTHETIC & NATURAL LEATHER

LAGUNA LINEA*

*LEATHER

Leather hides used for upholstering furniture will exhibit non-uniform surface qualities, depending on the area of the hide from which they were cut. Even pigment-dyed buffed and embossed leather obscure some of these natural texture characteristics. Variations in texture are not flaws and will not affect the leather's durability. Common surface variations include scratches, wrinkles and healed scars. A sample should never be considered as an exact snapshot of the entire hide. A dye variation along with variation in texture can be found throughout the hide of some leathers, resulting in large grain near the edge and smaller grain in the center.

ORIGIN: SWITZERLAND

DESCRIPTION

The easy-care VEGAS velvet jacquard is one of the most technically demanding upholstery and drapery fabrics. The flexible, all-over design takes effect with raised polka dots that combine across the surface of the fabric to form larger shapes.

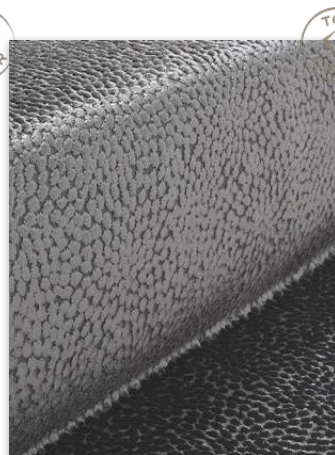

They appear to shimmer, thanks to a glossy polyester yarn that reflects the light. With its uncomplicated elegance and small-scale pattern repeat, VEGAS is suitable for use in any setting.
